REPUBLICANS IN IOWA BOLT THE REGULAR TICKET

Denounce Brookhart and Endorse His Opponent

(By The Associated Press)

DES MOINES, Iowa, Oct. 3.—Resolutions were passed at a meeting of 200 Iowa Republicans this afternoon denouncing Smith W. Brookhart, Republican candidate for senator and pledging support to Clyde L. Herring, Democratic candidate.

Plans for a statewide campaign among Republicans to bolt the candidacy of Colonel Brookhart who was nominated over a field of five other candidates at the June primaries, were perfected.

An executive committee composed of leaders in the "congressional districts was appointed with power to organize precinct committees for the purpose of bringing about defeat of Colonel Brookhart.

W. H. Powell, editor of the Ottuwma Courier, was named chairman of this committee.

Colonel Brookhart was denounced in practically every one of the score or more speeches as a radical with Socialistic sympathies. Herring was not mentioned by name in the resolution but was referred to as "the only candidate for United States senator who is opposing Socialism."

"We, the Republicans of Iowa, speaking for ourselves but voicing the sentiment of a great majority of those who regularly support the Republican principles and being ourselves in full accord with the platform and other candidates of our party," the resolution reads, "do challenge the candidacy of the man whose name appears on the Republican ticket as candidate for senator.

"He has sought and captured a nomination by the Republican party to promote principles and ideas in government which are not Republican principles and never have been.

"His profession of Republican principles can never camouflage his gross misrepresentation of the Republican platform which was adopted by the convention of the Republican representatives and spokesmen.

"His constant appeal and invitation to Democrats and Socialists to vote for him is an acknowledgement of his insincerity as a Republican candidate.

"If elected to the senate he would give voice in the name of Republicans to class conflict, radical and unsafe vagaries for the nationalization or socialization of private industry.

"He affiliates with avowed enemies of our government who are seeking the overthrow of fundamental national institutions who deny the right of private property; who would take from the farmers all title to their lands and vest the same in the state; who demand periodic redistribution of other property, the most extreme of whom deny the existence of a Supreme Creator, and mock the honored institutions of marriage and the family; who would supplant the authority of the courts with the rule of the mob; who preach over the gospel of discontent and are themselves the harbingers of revolution.

"The language he talks in their language; the spirit he voices is their spirit; the things he advocates are in harmony with their purposes; their spokesmen insist rightfully that he advocates their doctrines and he is in fact their candidate and not ours.

"Since the June primaries it has developed that on the 21st day of February last, he attended a meeting in Chicago which was also attended by Hilquit, Berger and Hoan, prominent Socialists by Townley of the Non-Partisan League and by Foster of the I. W. W.

"He knew the character of his asociates in that meeting of radicals and he came away from it with their endorsements and support.

SPOOKS TERRORIZE NEIGHBORHOOD ON CHICAGO NORTH SIDE

Police Chase Spooks and Banshees While Crowd Looks On

(By The Associated Press)

CHICAGO, Oct. 3—Despite a special guard of police, the presence of newspaper reporters and photograhers and more than 1,000 curious ersons, there was a scattered at the sound of the shots knockings and screeches which errorized an entire neighborhood on the North Side last night.

At sunset today little squads of patrolmen began filtering thru the neighborhood determined to solve the mystery. They were followed by crowds of sightseers. And then as the moon rose the wierd clamor began again. The patrolmen set systematically to work and searched every house in a square block but in vain.

The shrieks was varied now and then by mysterious rappings or thuds, described by a police lieutenant as resembling the sounds of padded bricks dropped on empty coffins.

After a brief period of quiet ended by the horrid banshee's cry, one of the watchers, confused by the shadows cast by the full moon emptied his pistol at a fancied spectral shape which proved to be only a shadow. The crowds 000 curious persons, there was a and the policemen were ordered not to use pistols under any circumstances but to grapple barehanded with the spook on sight.

After a scream more ghastly than usual the blue coats beat on the fence with their night sticks and then investigated the woodsheds and dog kennels, but found nothing and the neighborhood composed itself to sleep.

"I guess we laid it all right," remarked a sergeant as he departed with his force. But half hour later another call summoned the police who then settled down to an all night vigil.

"UNCLE JOE" IS GOING BACK HOME

(By The Associated Press)

WASHINGTON, Oct. 3—With an old slouch hat cocked on the side of his head "Uncle Joe" Cannon started out by automobile today for Danville, Ill., traveling over the old national pike his parents took 83 years ago in emigrating westward.

The veteran legislator was full of pep as he stepped into his car at the capitol and told Lester Morris, for 10 years his chauffeur and his sole companion on the trip, to "give her the gas." He waived the old hat, reached for a cigar and smiled.

Just before leaving Mr. Cannon received an offer from H. H. Franklin the automobile manufacturer at Syracuse, N. Y., ofering to send him down his best car, open or closed, and his crack driver, but the veteran declined.

"This old car is good enough for me and I like to ride with Lester," he said.

Tonight Uncle Joe will stop at Cumberland, Md., tomorrow night at Wheeling; Thursday at Columbus and Friday at Indianapolis. Then, "with bells on," as he expressed it he will drive into Danville, Saturday.

A telegram today from the Quaker colony at Richmond, Ind., asked when Mr. Cannon would arrive there, that he might be signally honored. His people were Quakers and "Uncle Joe" was named for Joseph Curney, famous leader of the sect.

"I ride most of the way on the front seat with Lester so the wind shield and this sweater vest will protect me," he said. "I don't like soft seats. When I ride in the back of the car, I usually occupy the folding chair. I like the bumps at 87 years for they remind me of life."

O. E. S. MEETING OPENS IN CHICAGO

(By The Associated Press)

CHICAGO, Oct. 3.—The Illinois Grand Chapter, Order of Eastern Star, opened its annual meeting in Medinah Temple here today. Among the business before the meeting was the proposed plan to create a fund to care for incurables among the membership, and a report on the erection at an approximate cost of $200,000 of a new building at Rockford for the Eastern Star and Masonic Home. The building will be dedicated on Oct. 28.

CAPT. KIRBY TO ACCOMPANY DAUGHTER TO CALIFORNIA

Capt. W. A. Kirby of this city expects to leave tomorrow night for a stay of several months with his daughter, Mrs. Marian Frampton at her home in California. Mrs. Frampton, who has recently returned from a visit of several months in Europe, arrived in Jacksonville Monday evening from Chicago, where she had spent a week with her brother, Dr. Henry Kirby, and family.

The friends of Dr. Kirby will be interested in knowing that he is shortly to leave for Florida and expects to locate in the southern state. He has been practicing his profession in Chicago for the past twenty-five years, but recently decided to make the change as above noted.

CANCELLATION OF DEBT BY U. S. IS SUGGESTED

Thomas W. Lamont Brings Cheers from Bankers

(By The Associated Press)

NEW YORK, Oct. 3.—An overwhilming sentiment favoring America's abandonment of her policy of isolation from European affairs and the substitution of a policy which might even involve partial cancellation of the allied war debt, today swept thru the convention of the American Bankers' association. The subject was broached by Thomas W. Lamont, associate of J. P. Morgan, whose plea in behalf of American unselfishness turned the convention into an uproar as the 10,000 delegates representing 22,000 banks, voiced their approval.

The movement gained momentum when Mr. Lamont's plea was echoed by Thomas B. McAdams, president of the Bankers' national organization, Myron T. Herrick United States ambassador to France and other nationally known figures.

Financial leaders who asserted that until recently the question of debt cancellation had brought only protests from small and large bankers thruout the country expressed great surprise at the changed attitude evidence today. A year ago they pointed out a proposal similar to that cautiously advanced by Mr. Lamont was turned down by the association.

Formal action on the question of European debts to this government or the formulation of a definite program of new loans trade contracts is not expected of this convention. Leaders declare they are satisfied with the evidence that bankers of the country are amenable to America's more active participation in foreign financial stabilization and will depend upon the early development of a public opinion which will justify the administration in making overtures to the foreign nations concerning the possibility of a basis for re-adjusted settlement.

Britisher to Talk Today.

The subject will be resumed tomorrow when Right Hon. Reginald McKenna of England will address the bankers on "reparations and debts."

The convention tonight prepared to tackle an issue which according to leaders promises to dominant remaining sessions. This is the question of the branch bank, brought into the convention by bodies of independents representing four mid-western state bankers' organizations who have brought to a head their opposition to the further increase of such institutions, on the ground that they tend to centralize capital and economic power.

Andrew J. Frame, of Waukesha, Wis., appears in the convention as the champion of the anti-branch bank element, which tonight was conceded to have gained considerable strength since the convention opened. The "pro" element was headed by Waldo Newcomer, an eastern banker. The importance of the issue today caused President McAdams to upset the schedule of the convention so that a resolution adopted by the anti-branch men may be put to a vote tomorrow. This resolution drawn up last night after a caucus follows:

"Resolved, by the American Bankers' association that we view with alarm the establishment of branch banking in the United States and the attempt to permit and legalize branch banking; that we hereby express our disapproval of, and opposition to, branch banking in any form in our nation.

"Resolved, that we regard branch banking or the establishment of additional offices by banks as detrimental to the best interests of the people of the United States. Branch banking is contrary to public policy and violates the basic principle of our government as it concentrates the edreits of the nation and the president of one into the hands of a few.

(By The Associated Press)

CHICAGO, Oct. 3.—Charged with contributing to the delinquency of a 16 year old Peoria girl, Gail W. Childs, 28, a salesman of Mason City, Ill., was sentenced to serve 90 days in jail in the house of correction by Judge Morgan in the court of domestic relations this morning.

According to the girl's testimony Childs went thru a marriage ceremony with her in Peoria last September. Later, she said, they came to Chicago where they lived in a hotel until she found a letter addressed to Childs from his wife in New Orleans.

Childs was examined at the psychopathic hospital when his father told the court that the boy was mentally deranged but he was pronounced sane.

ALTON SHOP CRAFTS MEN FAVOR PROPOSALS

(By The Associated Press)

BLOOMINGTON, Ill., Oct. 3.—With all but one or two of the locals to hear from, the vote of the Chicago & Alton shop crafts is favorable to accepting the latest proposal of Receiver W. G. Bierd and the men will go back to work Friday morning.

The men resume their positions with the same seniority rights excepting that the men who remained at work or those employed during the strike who elect to remain, have priority. Working conditions remain unchanged and the company agrees to pay two to four cents per hour more than the scale of pay fixed by the railway labor board. About 1,800 men return to work here.

FIRE MARSHALS ARE DISCHARGED

Chicago, Oct. 3—Two assistant fire marshals, each of whom has been in the service of the Chicago fire department for more than a quarter of a century, were discharged today by the civil service commission on charges of insubordination. Three other marshals were exonerated of the same charges. John C. McDonald and Jeremiah McAuliffe were the men discharged. Those exonerated were Arthur Seyferlich, James Costin and John Smith. The charges against the men grew out of an alleged attack on the integrity of the civil service examinations in the fire department.

CENTRAL ILLINOIS FACING WATER FAMINE

Pana, Ill., Oct. 3.—Central Illinois is said to be facing a water famine. Farmers are hauling water for their livestock which is reported to be faminishing with thirst. It is believed that water service to railroads, mines and other industries will be stopped to afford the city protection from fire unless rain falls.

OPERATORS AND MINERS SEEM TO NEAR AGREEMENT

Both Sides Believe Representatives Will be Named Today

(By The Associated Press)

CLEVELAND, Ohio, Oct. 3—With the formation of a tentative organization of operators at a caucus today miners and operators both declared tonight that obstacles which at the beginning of the conference seemed insurmountable have been ironed out and that a speedy adjustment of questions at issue should be reached tomorrow.

Before miners and operators officials are optimistic that the convention will name tomorrow representatives to work out during the next few months a scheme on which basic wage negotiations may be started at a conference here next January.

Phil H. Penna of Terre Haute, secretary of the Indiana Coal Operators' association and chairman of the operators caucus announced after the meeting that "we have reached a temporary cohesiveness which will enable us we think to deal with the miners.

Mr. Penna stated that while the operators never could reach an agreement on a policy with the "solid front" that miners present yet the operators were "more nearly in accord" than ever before.

The operators declared they would carry out the terms of the Cleveland agreement, which settled the bituminous coal strike last August providing for the naming of a committee with equal representation of miners and operators to formulate a method to be used in negotiating agreements

That part of the agreement providing for the creation of a fact-finding commission to make a survey of the coal industry over which there has been much controversy between miners and operators since the conference convened Monday, appeared to be the point of compromise between the two parties in formal meetings between the leaders of both sides today.

Disagree on Commission

The operators agreed at their caucus that inasmuch as the creation of such a commission had been provided for under the Borah-Winslow bill naming of such a body was not necessary. Miners have contended that this commission should be named but it was learned in official quarters thatno determined effort would be made by the miners at tomorrow's joint session to carry thru this part of the agreement.

It was pointed out that the miners would ask for a committee to name a panel of operators and miners to be submitted to President Harding for the selection of such a committee but that this did not mean that the president would chose from this list.

President John L. Lewis of the United Mine Workers, addressing the joint session today pointed out that creation of the commissions to prepare a method of negotiating next year's wage scale did not bind the members of the conference to accept the commission's findings.

Mr. Penna declared afterward this position brought the two sides near together.

CONFERENCE IS TO BE HELD SOON ON INTERALLIED DEBTS

Poincare Wants Meeting Before the United States is Invited

(By The Associated Press)

PARIS, Oct. 3.—The opening of the conference for the discussion of the interallied debts and the Germany indemnity to be held in Brussels, has been tentatively set for December first. The preliminary plans provide for a strictly European meeting without America's presence.

Premier Poincare strongly favors a meeting of the European nations first, for there is a growing feeling on the part of the allied governments that at least one European conference on reparations and debts will have to be held before cooperation of the United States can be expected.

The allied powers especially Belgium, are beginning to give considerable attention to the forthcoming meeting. Exchange of views have taken place between the French and Belgian governments and as soon as the Turkish problem is fairly on the way to settlement, conversations will be held periodically between representatives of the Paris and London governments.

Premier Poincare's present plan is to offer to reduce the German indemnity to a figure between 40,000,000,000 and 50,000,00,000 gold marks in return for the conciliation of the French debt to Great Britain and the surrendering by the latter power of her share in reparations which amounts to 22 per cent.

One of the most important factors toward the success of the Brussels conference is thought to be a mission to Washington of Sir Robert Horne, the British chancellor of the exchequer. A satisfactory arrangement between the United States and Great Britain for the consolidation of the British debt would insure the success of the Brussels gathering, is the view of the allied observers.

While the allies are said to realize that there is no possibility of a cancellation of the British debt any definite agreement for funding it would place Great Britain in a position to consider seriously acceptance of the French premier's proposal.

R. R. LABOR BOARD REFUSES INCREASE

(By The Associated Press)

CHICAGO, Oct. 3.—A proposal for a two cent an hour increase for the track and common laborers of the maintenance of way union numbering about 300,000 today was temporarily refused by the railroad labor board.

The public representatives of the board, Chairman Ben W. Hooper, R. M. Barton and G. W. W. Hanger, it was authoritatively reported sponsored the rejected increase.

It was understood that their refusal was based upon the general change in industrial conditions since last March when the evidence upon which the last cut of track and common laborers' wages, amounting to five cents an hour was presented. This decrease became effective July 1, last.

PULLMAN COMPANY REPORTS DEFICIT

(By The Associated Press)

CHICAGO, Oct. 3.—A deficit of $$6,228,072 after the payment of $10,499,840 in dividends was reported by the Pullman company today for the fiscal year ending July 31. This apparent deficit was converted into a net surplus for the year of $1,171,294 by the receipt of $7,399,367 from the government in settlement of the company's claim for the period of federal control.

The trying business conditions existing during the year were said to be reflected in the report.

CAPTURE LIQUOR IN NEW ORLEANS

New Orleans, Oct. 3.—Liquor valued at $50,000 was seized by federal prohibition agents today in two hotel rooms rented in the name of Rene Clerc, secretary of the Grain Dealers National association which is holding its annual convention here.

The federal agents announced that they found a "regular old fashioned bar, with a brass railing," and white coated negro boys serving drinks. After the raid several thirsty visitors approached the door of one of the rooms and whispered thru the key hole:

"Let's take a boat ride."

"The boat has sailed," replied a prohibition enforcement agent.

WOMAN NAMED AS U. S. SENATOR IN STATE OF GEORGIA

Mrs. W. H. Felton of Cartersville Named by Gov. Hardwick

(By The Associated Press)

ATLANTA, Ga. Oct. 3—A woman from Georgia today won the distinction of being the first of her sex to obtain appointment to the United States senate when Mrs. W. H. Felton of Cartersville, Ga., long known as the "grand old woman of Georgia," was named by Governor Harwick as senator to succeed the late Thomas E. Watson, until the November elections, when a successor will be chosen at the polls.

Mrs. Felton is 87 years of age and has been prominent in state politics for nearly half a century.

Mrs. Felton has accepted the office and in expressing her gratitude for the honor stated that it was going to thrill the nation when the news is conveyed that a woman has been chosen to become a member of the senate.

Before tendering the appointment to Mrs. Felton, Governor Hardwick thru mutual friends offered the office to Mrs. Thomas E. Watson, who the governor said declined it because of ill health.

Mrs. Felton said. "it was eminently fitting that this position should have been tendered to the widow of the late Senator Watson."

Mrs. Felton was born in Dekalb county Georgia, June 10, 1835. She was married October 11, 1853 to Dr. W. H. Felton, who died in 1909. Five children were born to this union, but only one, Dr. Howard E. Felton, survives.

The new United States senator was one of the two Georgia women on the executive committee at the Columbian Exposition in 1893.

She has taken an active and lively interest in civic affairs. In the interest of temperance she toured Georgia in 1886-87.

Mrs. Felton has been one of the principal exponents of woman suffrage in the South as an active member of the Daughters of the American Revolution, a member of the Colonial Dames of America and one of the earliest members of the Atlanta Woman's Club.

She was summoned in the spring of 1921 to St. Augustine, Fla., for a conference with the then President-elect Harding. Believing her to be one of the outstanding representative southern women, chose her for this purpose.

Despite her advanced age Mrs. Felton is exceptionally active. She has a large political following in the state and took an active and positive stand for Governor Hardwig during his recent campaign for re-election.

Simultaneously in announcing the appointment of Mrs. Felton, Governor Hardwick announced himself a candidate for the unexpired term of the late Senator Watson.

C. P. & ST. L. MAY BE ABANDONED

(By The Associated Press)

Springfield, Ill., Oct. 3—The Chicago, Peoria and St. Louis railroad, running between Peoria and Alton, is to be abandoned unless it can be sold at once, according to Attorney Alfred P. Cook of New York, representing the majority of the first mortgage bond holders.

At a recent conference here between Mr. Cook, Judge E. S. Smith of the Circuit Court and Attorney P. B. Warren, representing the receivers, necessary steps to take the matter before the Illinois Public Utilities commission, were discussed.

The road has been in the hands of receivers since 1914, when on petition of the Bankers' Trust Co. of New York, it was placed in the management of Bluford Wilson of Springfield and William Cotter of New York as receivers.

A constantly growing deficit is said by Attorney Cook to be the reason for the proposed abandonment of the road.

The road was organized in 1890, and many times since then has been reorganized, but it has passed scarcely a year without financial difficulties, it is said. Some of the larger towns along the line are Havana, Galesburg, Springfield, Waverly, Jerseyville and Alton. Many of the smaller towns depend exclusively on this line for railroad facilities.

A THOUGHT

Counsel in the heart of man is like deep water; but a man of understanding will draw it out.—Proverbs 20:5.

Wise men are instructed by reason; men of less understanding by experience; the most ignorant by necessity; and beasts by nature.—Cicero.

According to McCutcheon's cartoon in Tuesday's Tribune King Football will soon dethrone King Baseball. However, the revolution will be a bloodless one and not like that which accompanied the dethroning of Constantine.

The Pullman company shows a deficit of over $6,000,000 in its report for the fiscal year ending July 1. The company should make the porter split their tips, it would nearly wipe out the deficit judging from personal experience.

THE WEATHER.

Following an extraordinary summer is an extraordinary autumn. Old residents say they have never seen such hot weather as we have so far had this month. While it is somewhat uncomfortable, most people will not kick as it puts off the purchase of coal at the present high price.

IRISH PARLIAMENT WORKING SMOOTHLY.

Reports indicate that the Irish parliament is working smoothly and there is prospect that strife in that country may soon end. People of all nations will hope that this end may soon be attained and that Ireland will be saved from herself.

"UNCLE JOE" CANNON GOES BACK HOME.

"Uncle Joe" Cannon, veteran of congress, started by automobile yesterday for his home in Danville,. Mr. Cannon just before his departure refused an offer of H. H. Franklin automobile manufacturer of Syracuse, N. Y., of one of his best cars and his crack driver for the trip.

With his characteristic modesty Mr. Cannon said he preferred his old car and Lester Morris who has been his chauffeur for ten years. When Mr. Cannon left Washington yesterday it marked the close of a long and honored career as a public official in the national capitol.

"Uncle Joe" many times was accused of being a partisan in politics and in a sense he was. He always stood steadfastly for Republican principles and remained with the party in the Bull Moose split in which he went down to defeat.

But despite his partisanship Mr. Cannon's political opponents always recognized his fairness and his honesty of purpose thruout his long years of service. So when he was signally honored by his colleagues in the recent session of congress some of the greatest eulogies paid him were by Democratic congressmen.

LOSING AN OLD FRIEND.

The dispatches yesterday carried a story from Springfield that stockholders of the Chicago, Peoria & St. Louis railroad had made application to the courts for abandonment of the road.

This road, together with the branch from this city to Centralia now owned by the Burlington, formed the old Jacksonville-Southeastern line which was controlled by the late W. S. Hook. During the panic of 1893, the road passed into the hands of a receiver and was divided. Since that time the path of the C., P. & St. L. has been a thorny one.

If the road passes into oblivion it will seem like losing an old friend for this is one institution that Jacksonville regards as her very own, despite the fact that the offices and everything else possible were moved to Springfield after the road passed into the receiver's hands.

In the days of the Hook regime it was one of the city's most important enterprises and thru it many thousands of dollars passed into the channels of local trade. Even today when the shops are in operation it means much to the merchants and if the court grants the appeal of the stockholders it will be a distinct loss to Jacksonville.

"US"

BY BERTON BRALEY

THE race that we belong to, what a strange and matley crowd!
Of people meek and lowly, of people high and proud;
A multitude of striving souls who seek—they know not what,
But who are discontented with whatever is their lot;
A bunch of eager runners in a blind and heedless chase,
The blunder-headed, dunder-headed, so-called human race!

WE gouge and rob each other in the strife for livelihood,
We've always mixed in matters which we never understood.
And when we find a prophet who has vision, sense and brains,
We flout him and we stone him and we put him into chains,
We have small time for thinking as we go our headlong pace,
This muddle-minded, fuddle-minded, silly human race.

YET somehow, by the grace of God we struggle to the light,
Altho we always do things wrong before we do them right.
In spite of cruelty and greed and all unrighteousness,
By infinitely slow degrees we rise and we progress,
And in ten billion years or so we may attain to grace,
This sick and blinded, chicken-minded, stupid human race!

RECEIVE RIGHT-OF-WAY MAPS FOR HARD ROAD

County Commissioners to Proceed at Once to Secure Right of Way For Proposed Hard Road From This City to Point Near Lynnville.

The commissioners of Morgan county have received from the state department of public highways right-of-way maps for the new hard road which is proposed from the city to a point north of Lynnville. It is the intention of the commissioners to immediately take steps for securing the right-of-way for the proposed road. Should this be procured without difficulty, the contract for the building of the road will be let at a comparatively early date, or at the next regular awarding of such contracts by the state department.

The right-of-way for the proposed highway will co-incide with the present route with but few exceptions, in a few instances the curves at the corners will be broadened and the road straightened at a few points.

Only small parcels of land are affected, and as the hard road will materially increase the value of land adjoining it, the commissioners are hopeful that no difficulty will be encountered in securing the right-of-way.

Persons whose land is affected by the proposed highway, and the acreage thus affected are listed below:

W. E. Rawlings, 1.74 acres; G. H. Gibbs, .23; Joseph Wilson, .54; Margaret Sevier, .86; Earl Hempel .75; Albert Richardson, .25; Gowdy Mayfield, 1.794; Elizabeth R. Lazenby, 1.01; W. L. Leach, 0.009; C. F. Leach, 0.45; Charles Tendick, 0.042; H. S. Stevenson, son, 0.064.

CLUB HELD ANNUAL MEETING AT FRANKLIN

The home of Mrs. George Darley in Franklin was the scene yesterday of the annual reunion of the Auld Lang Syne club. This is a club of Franklin women who were school mates a half century ago and who have met on the first of October for the past seven or eight years.

At noon an elaborate dinner was served and the afternoon was very pleasantly spent socially. The members present were Mrs. Belle Mansfield, Mrs. Mollie Wright, Mrs. Kulina Wright, Mrs. William Harney, and Miss Mayme Van Winkle all of Franklin. Three of the members were unable to be present.

AMERICAN LEGION HAD BUSINESS SESSION

The regular monthly business session of the American Legion was held last night at the post hall. Reaugh Jennings and Charles Kahl, delegates to the state convention held at Rock Island recently, presented reports of the convention. Attention was called to the fact that Saturday is the final day on which applications will be received for reservations for the trip to New Orleans for the national convention. Various other matters of business were given attention before the Legionnaires adjourned.

Ardery, Ayers, Miller, Moore and Rouse, were members of Sigma Pi Society.

Comer, Draper, J. M., and W. F. Epler, Ferguson, Hanback, McCowen, Philbrick and Wood were members of the Phi Alpha Society.

The names of each has a star in the College Alumni catalogue.

Only Classicals were eligible to the Valedictory.

Any one who knew James M. Epler will not be surprised to see that he stood in the 9 to 10 class.

HI Y. CLUB HELD ITS FIRST MEETING

Large Number Present at State Street Church Tuesday Evening —Committees Were Named

The Hi-Y club held its first meeting of the year at State Street church Tuesday evening at six o'clock. Supper was served by the ladies of the church under the direction of Mrs. James Brown. The supper was an excellent one and the boys did not hesitate in proclaiming the fact by giving a yell for the ladies. The regular business was taken up with President Alfred Cranwell in the chair for the first time.

Mr. Findley, Y. M. C. A. secretary and instructor gave a brief outline of the year's study and made a few plans. He reminded the fellows of the purpose of the club and the standards which are, clean speech, clean living, clean athletics and clean scholarships

The attendance of sixty five is the largest ever together in the local Hi-Y, and with such a bunch of live wires there is no reason why this should not be one of the most active and accomplish more than any other club of its kind in the state.

The retiring president, Albert Arter, gave a short talk, then the president announced the following committees:

Bible Study—K. Scholfield, E. Joaquin, L. Gaard and R. Bentley.

Memberships—H. Hunter, L. Baldwin, C. Ingram and E. Hoover.

Activities—C. Souza, R. Corbridge, H. Hopper, J. Hackett.

High School Meeting — G. Wetzel, R. Reid, L. Woods and J. Putnam.

Advisory Committee — J. S. Findley, B. F. Shafer, H. J. Rodgers, W. G. Goebel and Alfred Cranwell.

TWO DIVORCE SUITS FILED

In the circuit court Tuesday two divorce suits were filed for hearing at the November term of court. Harold M. Cox is seeking divorce from his wife, Mrs. Marie Cox, whom he charges with cruelty and infidelity. The two were married March 2, 1921, and lived together until June 13 of the present year. Thompson and Thompson are attorneys for the complainant.

Another suit filed is that of Mrs. Mayme Newberry, directed against her husband, George Newberry. The complainant charges that her husband treated her with extreme cruelty. The bill sets forth that the marriage occurred Feb. 2, 1922. The complainant is represented by Thompson and Thompson as attorneys.

HOMEMAKERS CIRCLE OF FRANKLIN MEETS

Franklin, Oct. 3—Officers for the coming year were elected at a meeting of the Franklin Homemakers Circle, held Tuesday afternoon at the home of Mrs. M. D. Henderson in Franklin. The members were present in goodly numbers and there were also several guests in attendance.

The program included a paper by Mrs. M. B. Keplinger on "Madame Curie and Radium," which proved very interesting. Most of the time was given over to business session, at which the following officers were chosen:

President—Mrs. William Douglas.

Vice president—Mrs. M. D. Henderson.

Secretary—Mrs. Nellie Oxley.

Program committee—Mrs. William Douglas, Mrs. Nellie Oxley, Mrs. Lawrence Oxley and Mrs. M. B. Keplinger.

The meeting closed with a brief social time and the serving of refreshments. The next meeting will be on Tuesday, Oct. 17, at the home of Mrs. J. E. Miles, and the final meeting in October will be a Hallowe'en Masquerade party to be held at the home of Mrs. Samuel Darley, sometime the latter part of the month.

REGULAR MEETING OF AUTOMOTIVE MEN

Was Held at the Dunlap Hotel Tuesday Evening—Dr. Brokaw and Chief Kiloran Among the Speakers.

The Jacksonville Automotive Dealers association held is regular monthly meeting Tuesday evening at the Dunlap hotel preceded by a six o'clock fried chicken banquet. The meal included all the seasonable good things to eat and was served in the large dining room under the personal direction of Manager John Rule.

The guests of the evening were Dr. R. V. Brokaw, public health officer; Frank Kiloran, chief of police; A. G. Morgan, manager of the commercial department of the Jacksonville Railway & Light Co., and Ross Wetzel, salesman of the Berger Motor Co.

The meeting was an enthusiastic one, its general trend being directed to matters of public interest. Questions of public health were discussed, how to relieve the city's crowded business streets, and a report was heard from L. F. O'Donnell who represented the auto association in the group of citizens who have just returned from visiting shoe factories in Charleston and Mattoon, Ill.

It was also decided that the association will give a banquet within a short time to which will be invited as guests the wives of the members and several other ladies and gentlemen to whom the association is under obligations for their generous assistance in affairs undertaken. This banquet will be given at the Dunlap hotel, the committee on arrangements being Messrs. Cocking, Houston, Joy and Brown.

Talks on Health

Dr. Brokaw expressed his appreciation of the opportunity to meet the automobile dealers and to take part in their discussions. It proved rather a surprise to those present to find that the doctor could and would talk on something other than public health, his chosen vocation. It appeared that the doctor was engaged in the auto business back in the days when that vehicle was in its infancy, and in a humorous and entertaining manner he sketched his many and early experiences.

Speaking of public health matters Dr. Brokaw touched upon the fact that Morgan county is among the first in the state to provide a full time health officer, how beneficial was the work accomplished and the actual economy to city and county in the prevention of possible epidemics and monetary losses, to say nothing of the great amount of unnecessary suffering avoided.

He stated that a public health officer should be free from any political or factional control at all times; that he would do his full duty as he saw it and wished the public to feel that he desired its full co-operation and confidence and would repay that trust by giving the best of his wide experience and knowledge, in their service.

The Traffic Proglem

Chief Kiloran spoke of the traffic problems presented daily due to the rapid growth of the use of the automobile and truck. He said that his department was doing everything in its power to further the comfortable movement of traffic about the city's streets and asked the assistance of the auto association in devising new parking rules. Many of the city's streets are narrow and it is felt that some additional convenient parking space must be immediately provided and that some of the narrower streets will have to be made one-way streets for such traffic. The condition is not one alone to Jacksonville but is puzzling traffic experts everywhere.

Following a discussion of Mr. Kiloran's remarks President Berger appointed Messrs. O'Donnell, Cocking and Cassell as a committee to meet with the Chamber of Commerce traffic committee and the traffic officers of the city, to aid in every possible way in relieving the situation here and making driving about the city a pleasure.

Mr. Morgan stated that it was a real pleasure for him, a comparative stranger in the city, to meet with the business men and to learn their problems. He said that he could promise that the railway and light company would be found ready to aid in every good work started. Mr. Morgan said that while he had only been in Jacksonville a few weeks he was delighted with the city and with its prospects for real advancement.

Reports on Shoe Factory

Mr. O'Donnell gave a glowing report of the reception given the members of the Jacksonville committee which visited the Brown Shoe company branch factory in Charleston, where not a person could be found who was not loud in his praise of the great good the factory had been to their city. He said the company behind the factory had more than made good its promises.

The committee was taken thru the factory and given informatfon in detail. At the present time 259 men and boys and 246 women and girls over 16 years of age are employed and this number is to be increased. Apprentices earn about $12 per week, average workers about $20, and the more skilled as high as $50 per week. Last week's payroll amounted to $11,200.

The Chamber of Commerce in Charleston entertained the Jacksonville delegation and it was the general opinion that no amount of money could persuade that city to part with its shoe factory. The city had received a wonderful growth in the three years of the factory's operation and the business men of the city were trying to obtain another. The delegation also visited a smaller shoe factory at Mattoon, Ill., where last week's payroll amounted to $3,000 and found there great satisfaction over having obtained it.

It was the unanimous opinion of the auto dealers that its association go on record as favoring a shoe factory of this class for Jacksonville and that it throw its strength and influence into the movement. A committee will be appointed to offer the assistance of the association to the local Chamber of Commecre in its efforts in this direction.

AMERICANS ARE GETTING BUSINESS

Picking up Business in Anatolia —Establishing of Direct Relatives with Turk Nationalists is Cause.

LONDON — Americans are picking up most of the business in Anatolia, and in this way they are aided by the fact that the United States has established direct relations with the Nationalist Turks, according to Major General Sir Charles Townshend, member of the house of commons who has returned to London from a visit to Angora and other parts of the Near East. Great Britain's hostile attitude toward Mustapha Kemal, the Turkish natianalist leader, is costing British commercial interests a lot of money.

"The net effect of the unfriendly attitude of my country toward the Turks," General Townsend declares, " is that all the business is being acuired by America, France and Italy. While Great Britain is supporting the Greeks, the Americans have established a consulate at Angora, and the French and Italians hace official missions at Konia and Adaaa, near the port of Mersina. At Adana, too, the Standard Oil company of America has set up quarters."

General Townsend, who is accused of having broken a pledge to the British government that he would not visit Angora, declares that Turkey is a very rich country with great forests, copper and coal mines, and oil fields. If peace were signed tomorrow, he says, a vast outlet fo British trade would be opened up. The business which Britain controlled before the war is now being captured by foreigners.

"Turkey is absolutely well-governed, and the taxes are all paid. Administration is good, and food is cheaper and more plentiful than anywhere else in the world. The Turkish army is in splendid condition. This is not only my opinion, but that of all the French experts. The men are well fed, well clothed, and their morale is splendid. Ismet Pasha, the commander in chief, is a man of very high ability, and their company officers are the best in Europe.

"The Turks have been fighting for eleven years now, and that has resulted in a high state of efficiency among the officers. Their high command is good enough for any arm in Europe. There is complete unity among the Turks. They are out for their independence and their liberty, and they will hear of nothing else. They say they will perish rather than sacrifice these things. And they mean it. Napoleon once said, 'You can kill the Turks, but you can't conquer them.' I do not know of any other saying that describes them better."

ARAB DELEGATION HOME FROM ENGLAND

JERUSALEM.—The Arab delegation which was sent to London a year ago to protest against the establishment of the Jewish home land in Palestine has returned and given out a summary of its achievements.

Musa Kazim Pasha Husseine, chairman of the delegation, says in his report that whereas they did not accomplish all that they had hoped for, nevertheless they had aroused public sentiment in England and had won the sympathy of many leading persons connected with the British government. The report was made to the Fifth Moslem Christian congress, which was brought together at Nablus for the purpose of hearing what the delegation had to say. At the same time the congress outlined its future plans.

It decided to boycott the new constitution, which it considers inimical to the cause of the Arabs; to take no part in the elections, and to dissuade all Mohammedans and Christians from serving on the legislative council.

It urged upon the Arabs the necessity of standing together and refusing to sell lands to the Jews.

A manifesto was sent out from the congress to all Mohammedans and Christians of the country in the following words: "We the delegates of the Arab people of Palestine in fifth congress held at Nablus, pledge ourselves to God, to history and to the nation to continue our endeavors looking toward the independence of our country, to bring about Arab unity by all legal and lawful means, and to refuse the Jewish National home, and Zionist immigration."

It was decided also that a trade boycott of the Jews be instituted, the ways and means thereof to be decided upon later.

The British mandate in Palestine was officially proclaimed in Jerusalem September 12, upon which occasion Lord Allenby, British high commissioner for Egypt; Sir Herbert Samuel, Palestine commissioner, and Emir Abdullah, the ruler of Transiordania, took the oaths of office. Sir Herbert Samuel, in his inaugural address, said that the Holy Land was about to enter upon a period of peace and progress under British dominion, and that as representative of King George he would conduct the administration without fear or favor; with justice to all, and with partiality for none.

The executive committee of the Moslem-Christian society did not attend the ceremonies as a protest against the mandate and followers to the same end.

MOVING PICTURES 2,200 YEARS AGO

LONDON, Sept. 30.—(By The Associated Press.)—The earliest idea of a moving picture was recorded in the time of Confucious, the Chinese philosopher who lived 500 years before Christ. At least this is the deduction drawn from his studies into the question by Will Day, a well-known figure in the English film world, who has exhibited in London a collection of relics and machines tracing the growth of the moving picture from the first primitive idea to its present form.

The shadow shows" of the time of Confucius are the first of all known endeavors to present animated pictures. From this early time, however, there was a long period of inactivity in development, for the next record of progressive achievement is found in 1646, when Athanasius Kircher published a book in Latin entitled "Are Magnalycus et Umbrae" in which a description and illustration is given of a moving picture which the writer had evolved with mirrors and a tallow candle for illuminant.

Included in the collection is the original disc which Eadweard Muybridge used to settle the controversy between two American millionaires on the Alo Palto race course as to whether the four feet of a trotting horse were off the ground at the same time.

The experiments which Muybridge carried out is said to have cost the University of Pennsylvania 40,000 pounds, but the fact was proved that a horse did actually lift all four feet simultaneously.

WINCHESTER

Mr. and Mrs. C. K. Lee of Peru, Ind., and Mrs. N. J. Moore of Bluffs were guests Tuesday at the home of Henry Higgins and family.

CLUBS AND SOCIETY

Reception at Rammelkamp Home.

President and Mrs. C. H. Rammelkamp entertained at an informal reception given last evening at their home in Lockwood Place in honor of the members of the faculty and board of trustees of Illinois college and their wives. About sixty guests were invited to this delightful affair which is an annual college function. The hours of the reception were from 8 o'clock and during the evening a most enjoyable informal musical program was given. Mr. Lovejoy sang a group of solos and Miss Schweke the new pianist and organist at the Conservatory of Music, played a number of selections at the piano.

Later in the evening an attractive luncheon was served. The following young people assisted Mrs. Rammelkamp in the serving: Miss Eleanor Mae Ames, Paul Busey, Miss Lavinia Scott, Miss Rhoda Rammelkamp, Miss Ruth Leavenworth, Charles Henry Rammelkamp, Miss Katherine Goebel and Miss Betty Black. The Rammelkamp home was artistically arranged with lovely fall flowers which added charm to the appointments for the occasion.

Gave Party for Sisters.

Mr. and Mrs. John S. Killam gave a dance at their home near Pisgah in honor of the latter's sister, Miss Bernice Bowls. The evening was spent in dancing and cards. Dainty refreshments were served by the hostess. Those present were Miss Bowlds, Mr. and Mrs. John S. Killam, Mr. and Mrs. Bert Killam, Mr. and Mrs. Fred Killam, Mr. and Mrs. Albert Killam, Mr. and Mrs. Theo Lukeman, Mr. and Mrs. Albert Wood, Mr. and Mrs. Arthur Acom, Mr. and Mrs. John Marshall, Mr. and Mrs. Allen McCullough, Mrs. Long, John Lukeman, Harry Killam and Robert Killam.

Wednesday Class to Meet.

Mrs. F. S. Hayden will be hostess at the regular meeting of the Wednesday class this afternoon at her home on West College avenue. Mrs. A. B. Applebee has the paper for the day and her subject is "An English Novel." Mrs. Applebee has chosen "This Freedom," the new book by A. S. M. Hutchinson, the well known author of "If Wonter Comes." The book of this prominent English novelist has been widely read and is considered a strong book. Following the paper the members of the class will adjourn to a social hour and afternoon tea will be served.

Hospital Aid to Meet on Thursday.

The first fall meeting of the Ladies' Aid Society of Passavant hospital will be held Thursday afternoon at the hospital. The meeting will begin at 2:30 o'clock and a large attendance is desired. The work of the year will be commended, business matters taken up and the regular hospital sewing will be done.

Mrs. Briggs Will be Hostess.

Mrs. P. R. Briggs will be hostess to the members of the Wednesday Social club this afternoon at her home on Pine street. This is the regular meeting of the club and the time will be spent with sewing and social conversation. There are twelve members in the club and a large attendance is anticipated today. At the close of the afternoon the hostess will serve a dainty luncheon.

Will Entertain Today.

Mrs. T. B. Clampit and Mrs. A. C. Busby will entertain this afternoon in honor of the ladies of the Third Division of Centenary M. E. church. The affair will be an afternoon reception to be held at the home of Mrs. Clampit at 613 South Main street and will be a most delightful event. The hours are from 3 until 6 and invitations have been issued to forty guests. During the afternoon an informal program of music and readings will be given and a social hour enjoyed. In the course of the afternoon the hosaesses will serve attractive refreshments.

Sewing Club Meets

Mrs. Florence Rice Gillham was hostess to members of her Sewing club Monday evening at her home on West College avenue.

Several hours were spent sewing and later refreshments were served.

Miss Lorene Dewees favored the company with a group of songs.

Teachers of Second Ward Had Picnic

The teachers of the second ward school enjoyed a picnic Monday evening at Dunlap Springs east of the city, a picnic lunch being an important feature of the occasion. Miss Agnes Paxton is principal of the school and the following are teachers: Miss Ellie Pyatt, Miss Ruth Peak, Miss Alvalee Staff, Miss Helen Anderson, Miss Elizabeth Barr, Miss Mabel Peterson, Miss Antoinette Gouveia, Mrs. Isabelle Green, Miss Esther Davis, Miss Marian Spruit, Miss Helen Anderson.

Birthday Party For C. E. Hudgin

A surprise party was given for Charles E. Hudgin Monday evening at his home on East State street. The affair was planned by Mrs. Hudgin and was in honor of her husband's birthday. The evening was spent with cards and several musical selections were given during the evening. Delightful refreshments were served.

Strawn's Crossing Club Met.

Mrs. William Thompson entertained the members of the Strawn's Crossing club yesterday afternoon at her home east of Jacksonville. At yesterday's meeting the new programs were begun and the meeting was a most successful one in every way. The members answered with "The Name of a Congressman," and the rest of the program was given over to Mrs. Homer Cully, who told of her trip to Washington this summer. Mrs. Cully told in a very interesting way of her trip to the east taking her journey from beginning to end, telling of the interesting and beautiful places which she visited and speaking especially of the national capitol. She also told of her visit to New York City, Atlantic City, Philadelphia and other eastern cities.

At the close of the program a delightful social hour was enjoyed and the hostess served a most attractive little luncheon. Mrs. Thompson had invited a number of guests for the meeting: Mrs. Frank Hamm and Miss Winifred Wackerle of Jacksonville, and Mrs. Will Arnold, Mrs. Charles Dodds, Mrs. Ledford, Mrs. Amos Coker, Mrs. Harry Thompson, Mrs. Bacon, Mrs. Moy and daughter, Mrs. Stephen Dunlap and daughter, Miss Ruth Dunlap, Mrs. Thomas Boyd, Mrs. Mathews, Mrs. William Bibb, Mrs. W. T. Scott, Mrs. Mervin Ater, Mrs. Henry Morthole and Miss Tola Morris.

Fox Family Reunion Held

The ninth reunion of the Fox family was held at the old Fox home where the oldest brother, George R. Fox now resides.

The first to arrive on Tuesday evening were the two sisters and their husbands, Mr. and Mrs. Herbert Green of Gibson City, Mr. and Mrs. Frank Stewartson of Bozeman, Mont.; and Rev. and Mrs. R. E. Fox and Mrs. J. H. Fox of Gibson City. Those present living in and near Chapin were Mr. and Mrs. J. M. Fox, Lee Fox, Edith Fox, and Mr. and Mrs. J. Z. Fox, Isabelle Fox, with Mrs. Earl Fox as hostess.

On Wednesday morning a business meeting was held, officers were elected and it was decided to hold another reunion in two years at Gibson City. On Tursday the crowd went to Meerdosia on a fishing trip. On Friday the following nieces and nephews arrived: Mr. and Mrs. John Claus of Jacksonville, Dr. and Mrs. F. B. Fox of Freeburg, Ill; Mr. and Mrs. Harris Y. Robertson and daughter Helen Lucilie of Petersburg, Ill.; Mrs. Ethelyn Plank of Concord. Saturday more relatives arrived. Those were Mr. and Mrs. Raymond Green, Mr. and Mrs. Archie Fox and son Yoel Richard, Mr. and Mrs. Edgar Fox and son Maurice, Mr. and Mrs. Harry Lovett and daughter Arlene and son Forest of Gibson City. Sunday Rev. R. E. Fox, a former pastor of the Methodist Protestant church preached at the morning service. The choir was entirely composed of the members of the Fox family with Miss Isabelle Fox at the organ.

Sunday evening was spent in singing familiar songs, both old and new. The total number of members registered were 39. The forty left in cars Monday morning.

NEW ENVIRONMENT FOR COURT HOUSE

Went to Protest Against Establishment of Jewish Homeland in Palestine — Will Boycott New Constitution.

SPRINGFIELD, Ill.—The old Sangamon county court house full of Lincoln lore, is to have a changed environment. California poplars, which have kept the lawn well covered with dead leaves for years, are to be replaced by a planted type of shade tree. Shrubbery and English ivy are to be planted about the building.

The grounds are to be made smaller by the width of the sidewalk, which is to be taken up to widen streets about the square. A new sidewalk will be built, and the concrete benches are to be constructed along the new walk that citizens may sit about the edge of the lawn. They will be prohibited from lounging on the lawn itself, however. Ornamental lights are to be arranged to add a touch of beauty to the unadorned entrance to the building.

These improvements are part of the city planning system being instituted by Myron H. West of Chicago, newly appointed city plan manager for Springfield. They will be a step in the proposed task of making the capital of Illinois a beautiful shrine consecrated to Lincoln.

The old court house was once the state capitol. Within its halls Lincoln and Douglas spoke. Lincoln served in the general assembly there. He made his famous "house divided against itself" speech in what is now the circuit court room. In the same room his body lay in state, and his funeral was held from this building.

WOMEN PREPARING FOR BUSINESS WORLD

EVANSTON, Ill.—(By The Associated Press.)—An increasing number of men and women each year is preparing to enter the business world, say officials of Northwestern University. As evidence they point to the increasing number studying psychology, which takes a prominent part in the commercial course and usually is studied two years as a preliminary to the regular course.

English and zoology are other studies gaining in popularity, they say which shows that women are preparing for the teaching profession and the men are taking up zoology as a preliminary to medicine and dentistry. The Medill School of Journalism show the greatest increase of any of the departmental schools.

H. T. RAINEY SAYS HE IS DRY MAN

Carrollton, Ill. — Henry T. Rainey of Carrollton, democratic candidate for representative from the twentieth district, has announced that though prohibition is not an issue in the district, he is considered a dry. Both he and his sole opponent, Guy L. Shaw of Beardstown, Republican, the incumbent, have been endorsed by the Anti-Saloon league, Mr. Rainey pointed out.

Mrs. Gus Onken and Mrs. Bernard Allen and little son, Thomas motored to Jacksonville yesterday from Chapin.

GREATLY PLEASED WITH INVESTIGATION

Committee Which Viisted Charleston Finds Shoe Plant Important Industry—Company Men to Be Here Thursday.

The committee of twenty-two Jacksonville business men who went to Litchfield and Charleston Monday morning to inspect the shoe factories, arrived here yesterday afternoon, much pleased with the trip and "sold" to the idea of a Brown Shoe Factory in Jacksonville.

Their investigation, which was very thorough disclosed the fact that every merchant in Charleston, without exception, is well pleased with the factory and would be willing to donate as much money again to a like enterprise in their city. It was found that there are 261 girls employed in the factory and 272 men. The factory works ten hours per day and turns out an average of 5,400 pairs of shoes per day. The pay roll of the factory averages $11,000 per week and last week $11,200 was paid out, the largest weekly pay roll in the history of the factory at Charleston.

The factory at Charleston is a three story brick building, 300 feet long, and 100 feet wide. There is an L built an measuring 150 feet long, 100 feet wide and three stories in height. The company has erected a community house, or club house for the use of the employees. This club house is equipped with shower baths, piano, victrola, dance floor, public library branch, reading rooms, large fireplace and other club rooms facilities. The company also has a hospital in the factory and a registered nurse is in charge. Free coffee is served to the employees every day at noon.

E. R. McCarthy, vice president of the Brown Shoe Company of St. Louis, H. L. Thomas, general manager, and P. H. O'Brien, second vice president, will arive in Jacksonville on Thursday over the Chicago and Alton about 1 o'clock How long these men will remain in Jacksonille is not known but it is hoped that they may be induced to remain in the city for a meeting with the members of the local Chamber of Commerce on Thursday eevning. While here the officers of the company will present their proposition to Jacksonville citizens and it will be decided whether or not Jacksonville is to have the branch shoe factory located here.

The coming of the Brown Shoe Factory to Charleston increased the population 1,500, caused the property values to rise 25 percent and occasioned the building of 200 new houses. The factory has been in operation almost three years and has shut down only three days during the entire time, the shut down being for the purpose of invoicing. During the three years it has become necessary to work night shifts in order to get out the orders.

The Brown Shoe Company employs only inexperienced people, as it is their desire to train each person in their employ in their special methods of manufacture. It is against the rules of the company to employ any person already employed in a like industry. In the event of the factory being located in Jacksonville the only people who would come here from St. Louis would be the superintendent of the factory and ten foremen. The other employees are secured from the city in which the factory is located and in the surrounding territory. There are base ball, foot ball and basket ball teams among the Brown employees in Charleston. They also have an orchestra and are planing the organization of a brass band.

CHURCH ORGANIZATIONS

Catholic Ladies to Meet Today.

The Catholic Ladies' Aid Society will meet this afternoon with Mrs. John E. Rose as hostess at her home at 954 West Lafayette avenue. The usual business session will open the meeting and after the matters of business have been transacted the hours will be spent in playing euchre. About sixteen tables will be made up and a pleasant afternoon is anticipated. At the close of the playing the hostess will pass attractive refreshments.

Brooklyn Society to Elect Officers.

The Missionary Society of Brooklyn church will meet this afternoon at the parsonage with Mrs. G. W. Randle. This is the first meeting of the fall season and will be mainly a business session. The officers of the society for the year will be elected at this time and plans for the year's work will be discussed. The business session will be followed by a pleasant social hour and the hostess will serve dainty refreshments.

Missionary Society And Aid in Joint Session

The Ladies' Aid society and the Missionary society of Hebron church held a joint meeting Tuesday afternoon at the church. Mrs. R. W. Robinson, president of the Missionary society was in the chair, and various matters of business were discussed. Members of the Aid spent the afternoon making surgical dressings for Passavant hospital.

At the social hour which brought the meeting to a close, Mrs. Albert Swain and Mrs. Frank Hunter were the hostesses, and excellent refreshments were served.

Hebron Missionary Society Met Tuesday.

The Woman's Foreign Missionary Society of Hebron church met Tuesday afternoon at the church. Devotion was by Mrs. R. W. Robinson. During the business meeting an election of officers was held as follows:

President—Mrs. Albert Swain.

Vice President — Mrs. E. E. Hart.

Treasurer—Mrs. John Moore.

Secretary— Miss Hattie Jumper.

Assistant Secretary—Mrs. Dan Ward.

Corresponding Secretary—Mrs. R. W. Robinson.

Extension Secretary — Mrs. Walter Wheeler.

Mite Box Secretary—Miss Hattie Jumper.

Following the election of officers, Mrs. John Moore gave a paper on expansion work which was followed by a discussion of the same. The meeting closed with a prayer by Miss Jumper. The next meeting will be held with Mrs. George Swain in November.

Congregational Mission Society Meets.

The Foreign Missionary Society of Congregational church met Tuesday afternoon in the society rooms at the Pilgrim Memorial. This was the regular monthly gathering and was also the thank offering meeting. The program leader for the day was Mrs. G. H. Scott and the work of Reverend Melville Kennedy a former Jacksonville boy and now a Y. M. C. A. secretary in Calcutta India, was the subject of the meeting.

The afternoon opened with the special thank offering service led by Mrs. F. J. Waddell, the president of the society. This was followed by a vocal solo by Mrs. Hackett Wilder. Reverend Mr. Kennedy formerly lived in Jacksonville and is a graduate of Illinois college so his work is of special interest to local people. Mrs. Scott had a number of letters from Reverend Mr. Kennedy telling of his work in India and these she read during the afternoon. Mrs. C. C. Carter, who was his Sunday school teacher gave some personal recollections of Reverend Mr. Kennedy as a boy and Miss Maria Fairbank read a letter from his sister, Miss Helen Kennedy of Los Angeles, Cal., telling of Reverend Mr. Kennedy's work as a Y. M. C. A. secretary in Dakota and Wisconsin Reverend Mr. Kennedy was visiting in Jacksonville four years ago and expects to return again in 1925 in company with his wife and four children.

Following this part of the program memorial services were held in memory of Mrs. J. P. Lipincott and Miss Sturteyant, two beloved and interested members of the society who passed away during the summer.

At the close of the afternoon the hostess served tea and a pleasant social hour was enjoyed. Mrs. G. H. Scott was the chairman of the hostess committee for the afternoon and she was assisted by Mrs. Lawrence E. Milligan and Miss Georgia Fairbank.

MUSICAL COMEDY COMING TO GRAND THEATER

"Father on His Vacation," is the title of a new musical comedy coming to Grand, Monday night

The piece, which is in three acts, is based on the famous cartoons of George McManus—"Bringing Up Father." The latest triumph evolved from popular comics is promised an unusual production. Special features, innovations and other ingredients apart from the ordinary run of things, according to all accounts, contribute to make one of the best entertainments of its kind presented hereabouts in many a season. The cast contains the names of a number of Broadway headliners, in addition to a feminine chorus of exceptional beauty and ability.

MORGAN AND SCOTT BAPTIST CONVENTION

Open Session Was Held Last Night—Sermon By the Rev. D. O. Hopkins—Program for Today.

At the opening session of the seventh annual convention of the Morgan and Scott County Baptist Association held last night in First Baptist church, Rev. D. O. Hopkins, Ph. D., superintendent from Normal, Illinois, preached the evangelistic sermon. Rev. Hopkins set forth many facts, strengthening his sermon on "The Passion of Evangelism." He did not linger long on an introduction, but plunged into his subject with many forceable arguments.

The speaker said that passion was love on fire, as shown by many of the world's greatest writers, preachers and leaders who dealt with the souls of men. He compared passion to the fire under a boiler and quoted an author as saying, "I am not interested in turning the steam on the whistle, my concern is that there shall be fire under the boiler." Some people do a lot of sputtering and blowing as does the whistle, but in reality it is the fire under the boiler that plays the important part.

Men wrote poetry because of passion. Preachers preach the Gospel because of passion, and what financial returns do both of these receive? It is not for the money because passion can not go hand in hand with the bank account. The old time religious people had no modern conveniences but still they had the fire of passion within them that helped them reach their glory. Evangelisitc passion is lacking in the pulpit therefore less effort is put forth on men's souls.

Rev. Hopkins used many other apt illustrations. His remarks were given close attention thruout.

The session was opened at 7 o'clock with an evangelistic conference, after which was held an evangelistic song service, conducted by Homer Wood of Pisgah. A vocal solo was given by Miss Ruth Armstrong from Illinois Conservatory of Music. Prayer was offered by Rev. W. E. Spoonts of Northminster church. It is desired that special attention be given to the minsters and missionary benefit board motion pictures tonight, "The Soldiers of the Cross."

THIBET TO SEE MOVING PICTURES

LONDON—Thibet, it is hoped will not much longer be the land of mystery. Nor will the great outside world, it is expected, continue to be the great land of the unknown to the Thibetans. They are to be offered an opportunity of seeing, on the movies, something of the wonders to be found in the vast world beyond Thibet. In exchange it is hoped they will allow cinematograph pictures to be taken of the wonders of Thibet for people of other lands to see.

A cable just received in London announces the arrival in Calcutta of the members of the British Buddhist Mission to Thibet. They have begun the long and difficult journey on foot thru the Himalayas.

On their way to Darjeeling the mission visited the Bodhiruma (or "Tree of Intelligence") the sacred fig tree under which, according to Buddhist tradition, Buddha was sitting in contemplation when he attained the perfect wisdom. A film is to be taken of the tree and of the pilgrims visiting, and it is hoped to show these pictures to the Dalai Lama in Lhasa itself. Films of wild animals and the various aspects of the outside world are also being carried in order to offer to the highest Thibetan authorities the first cinematograph ever given in their famous city.

One of the objects in displaying the wonders and possibilities of moving pictures is to secure permission for making film records of the country and its people.

The Cash Value of Tractor Power

"TIME is the essence in good farming", writes Frank I. Mann, one of the most successful farmers in the United States. "To judge the value of a tractor on the farm it must be considered in relation to its ability to do farm work at the time to give most profitable return from the crops grown."

Mr. Mann goes on to show that farm work is subject to continual delays from adverse weather conditions, and the one great advantage of the tractor is in enabling the farmer to handle peak loads on time.

In one case cited, tractor power enabled the farmer to sow a good acreage of spring wheat on March 23, which early seeding gave him a return of 44 bushels per acre, thus illustrating the cash value of tractor power.

A tractor to do its work must have petroleum products.

The Standard Oil Company (Indiana) takes great pride in the fact that its organization is able to supply the needs of these tractors in 10 Middle Western states with petroleum products of superior quality.

No matter how unexpectedly the farmer's peak load may arrive, he will find that this Company has ever ready at his call such gasoline, kerosene and lubricants as he may need.

Owing to the isolation of many farmers and farming districts, this task of supplying petroleum products at dependable intervals is a big and often an exceedingly difficult one.

Nevertheless, the Standard Oil Company (Indiana), inspired by its obligation to the community, has always met rural needs for petroleum in a big way. The Company constantly is extending its operations to provide facilities which under all conditions enable it to meet the demands made upon it, and to guarantee a reliable and sustained service even in periods of stress.

WEATHER REPORT IS MADE FOR GREENE CO.

Month of September Unusually Dry According to Weather Report of R. B. Pearce—Greene County Land Sold at Auction.

White Hall, Oct. 2. — The monthly report for September of R. B. Pearce, cooperative observer of the weather bureau at White Hall, shows the month to have been unusually dry, the total precipitation being 1.20 inches, 2.33 inches below normal. The greatest fall in 24 hours was 0.64 inch on the 10th. There were only three days with precipitation of 0.01 inch or more, 21 clear days, four partly cloudy and five cloudy. This is the least monthly rainfall since 1897, when the September total was 0.59 inch. Previous September totals less than the month just closed are the following: 1871, 0.08 inch; 1869, 0.94; 1867, 0.50; 1856, 1 inch. Wells about town have gone dry to an alarming extent, but the city water suplpy is in good shape.

The mean temperature was 71.5 degrees, 8.5 degrees below normal. The mean maximum was 84.4 and the mean minimum 58.6. The highest was 100 on the 7th and the lowest 38 on the 7th. There was no frost.

Corn cutting is practically over. This crop became exceedingly dry during the long dry spell, which had an unfavorable effect on the outcome. In some cases the corn has been left standing and the stock given the range of the field.

Your shoe troubles

are frequently caused by your foot troubles. Run-over heels is a very prevalent shoe trouble and in most cases is produced by weak ankles. When the ankles are weak the weight of the body is thrown on the inner side of the heel and the shoe quickly shows the results.

Dr. Scholl's Foot Comfort Appliances

will immediately correct this trouble by equalizing the body's weight. These devices strengthen the weakened ankles and arches and overcome many of your expensive shoe troubles.

Bring your shoe troubles to our Foot Comfort Demonstrator. He knows feet as well as shoes. No charges or obligations for this exceptional service. Learn how to increase the wearing qualities of your shoes, and enjoy foot comfort.

HOG SALE

J. L. Henry will hold his annual pure bred Big Type Poland China hog sale on Friday, October 6, at Woodson. 52 head will be sold—30 head of yearling gilts, balance spring gilts and boars. This is an unusual offering of yearling gilts for a fall sale and should attract the breeder's attention. Lunch will be served at noon.

HIGH SCHOOL NOTES

The Jacksonville high school eleven will travel to Peoria on Saturday and will play Peoria Central High School Saturday afternoon. This is the second game of the season for both teams and a lively combat is expected. Peoria Central played her first game last Saturday defeating the opponent by a score of 26 to 0.

Coach Mitchell stated yesterday that he would use practically the same line-up which opened the Jacksonville-Pleasant Hill game here last Saturday. It is probable that a large number of Jacksonville rooters will go to Peoria to see the game. A number have already made plans to make the trip by auto by way of Springfield and the Peoria-Springfield hard road.

HOMECOMING AT UNIVERSITY OF ILLINOIS

URBANA, Oct. 4—Homecoming at the University of Illinois this fall will be celebrated by students and alumni October 20 and 21 with a two-day program of reunions, the Iowa-Illinois football game, stunts, parades and a dedication ceremony for the new $2,000,000 Memorial Stadium, provided the work of construction has progressed far enough.

Efforts are being made this year to provide features with a general appeal that will attract and entertain non-fraternity alumni. While the fraternities are having their alumni banquets, a combination mixer and banquet for non-fraternity Homecomers is planned for the Gym Annex, formerly the Old Armory.

Accommodations and registration committees working in conjunction with the Unit System, a new plan for uniting unorganized men that was instituted last year, will list rooms and provide a directory for all non-fraternity men.

This directory will assist Homecomers to find their classmates and make the affair truly a Homecoming.

Joint committees of students, faculty and alumni have drawn preliminary plans and are now working on the details of the various entertainments for the annual Illini Comeback Homecoming.

Yanks and Giants Ready for the Gong

NEW YORK, Oct. 3.—Baseball, Amerisa's national sport, will arise to the dignity of an international episide tomorrow when the local National and American league teams open battle for the 1922 world series championship. Keen as is the interest that will focus on the Polo grounds from all portions of North America, when the Giants and Yankees cross bats, hardly less surprising are the arrangements made to flash the results of each game to distant lands where baseball is still a name rather than a sport.

Altho lacking international competitive character, the outcome of play holds international interest. Judging from the preliminary plans announced the scores and high lights of every contest will be cabled to South America, Europe and Asiatic countries while ships on the seven seas will learn the outcome by wireless.

New York and its inhabitants tonight apparently had dropped, for the time being, all cares of the work-a-day world. Conversation hinged on whether "Babe" Ruth of the Yankees would wreck the Giants' machine with his home run bat or Arthur Nehf the Nationals' pitching ace from Terre Haute would turn back the Heavy hitting Yankees in the initial clash. More attention was paid the fair weather forecasts of the weather that to dunning letters from the income tax collector.

Telegraph and cable wires radiate from the Polo grounds to all points of the compass. Score boards and player boards with their vari-colored lights glistened from points of vantage in all points of vantage in all parts of the city.

Thousands of fans will follow every play from these boards or radio description service to be broadcast miles beyond the sight of the Giant's stadium. It is the old story of a house divided among itself. The atmosphere is surcharged with the most crackling of all rivalry for interest regarding the ability of the two local teams and their individual stars have divised the fans.

Altho the American league players still rule favorites to reverse the decision of a year ago, the odds are dropping steadily. In place of the 8 to 5 offers prevailing last week, Yankee supporters quote 6 to 5 tonight and there is little heavy wagering even at these short odds.

Visions of the closeness of last year's play when the Giants won five games to three leaves even the most analytic fan shaken in his conclusions. A careful study of the available records and season's averages fail to solve an outstanding favorite.

Supporters of the American Leaguers point to the greatly increased strength of the Yankees' pitching staff. Giant rooters contend the Nationals too have gained strength since 1921 and in Manager John J. McGraw have a diamond strategist of incomparable calibre.

All Reserve Seats Sold.

Every reserve seat in stands and boxes has been sold and given fair weather such as the local prognosticator heralds for the morrow, the 22,000 unreserved seats should be occupied long before the first Yankee batter takes his place at the Plate. Bands will play and dignataries of national, state and baseball bodies lend their presence and voice to the climax of another diamond session. The advance guard of numerous out of town spectators are taxing the capacity of convention congested hotels.

New records in either attendance or gate receipts are unlikely, for with the return to the seven game series, duplication of the figures established in last season's best five out of nine games appear impossible.

Kenesaw Mountain Landis, high commissioner of baseball assigned the umpires for the opening game this evening, with the statement that all the preliminaries had been completed and that now it was up to the players and the weather man.

"Now don't ask me to name a winner," he warned. "I am neutral but its going to be a great series.

It goes without saying that both Manager McGraw and Miller Huggins the Yankees mentor, will send their strongest combinations into battle tomorrow. In a short four out of seven series, victory in the initial clash speels an advantage which it is hard to overcome.

The Giants are expected to open on their own grounds and in the role of home players, with Artie Nemf, the star twirler racing the American league standard bearers. Nehf has won 19 games out of 37 starts in the National league pennant race this season and is without doubt the Giants pitching ace.

Huggins is expected to send Joe Bush to the mound. Bush has lost only 7 games out of the 38 he started this season and probably will prove a formidable obstacle in the nationals rush for victory. As was the case last season, much will depend upon the breaks of the game.

Manager McGraw contends he has sufficient twirling strength for such a series and predicts that sensational fielding will back up the pitchers and cut down the heavy and long distance batting that the average follower of baseball expects to feature the play.

Huggins, assured of excellent hurling from his veteran staff of pitchers, is counting upon the Yankee's heavy hitters to batter their way to the front promptly and hold the lead until the end.

Much Depends on Ruth.

Much will depend upon "Babe" Ruah's ability to hook into the delivery of the opposing league's star boxman. Aside from a slightly strained side he is ready. Ruth was out with the Yankees in their final practice this morning. He leaned hard against the pitching sent a couple from his bludgeon into the cooler altitudes and then disappeared.

Manager McGraw of the Giants did not come out to his team's practice and Hughey Jennings, first assistant, was in charge. Manager Huggins of the Yankees sat in the stand observing his charges. Both mentors said every man on the teams was fit and ready.

The field was hard and fast. Henry Fagian, the venerable ground keeper, who busied himself chasing urchins, pronounced the diamond tip top despite its raggy lawns, butchered turf and torn up infield. He expected that a careful rolling for the morning would have it in satisfactory condition. At least he asserted batted balls would not take bad bounds.

The probable batting order:

Nationals—	Americans—
Bancroft, SS	Witt, CF
Groh, 3B	Dugan, 3B
Frisch, 2B	Ruth, LF
Meusel, LF	Pipp, 1B
Young, RF	Meusel, RF
Kelley, 1B	Schang, C
Stengel, CF	Ward, 2B
Snyder, C	Scott, SS
Nehf or	Bush or
Barnes, P	Shawkey, P

Umpires—Klem (N), chief at plate; Hilderbrand (A), first base; McCormick (N), second base; Owens (A), third base.

Time of Game....

MANAGERS ISSUE STATEMERTS ON SERIES

NEW YORK, Oct. 3—Managers Miller Huggins of the Yankees and John J. McGraw of the Giants, issued statements tonight.

Hugigns said.

"Joe Bush will pitch the first game for the Yankees. He has earned the honor and will get it. I think he ought to beat the Giants if the others give him some help by hitting. Ruth will be of lots of assitance for he is in better condition than last year and when he is hitting they all hit. I am not making any predictions about the length of the series. I simply say that we ought to win it.'

McGraw said:

"We'll give a good account of ourselves you may be sure of that.. We hear a lot about the strength of the Yankee pitchers and of course we hold them in high respect but our pitchers carried us thru to the National League pennant and they'll hold up their end against the Yanks.

"I've got a lot of smart ball players and we'll be out there fighting all the time."

CHICAGO FANS HAVE OWN SERIES

CHICAGO, Oct. 3.—The world series will be a mere incident to Chicago baseball fans tomorrow, the opening of the city championship series between the Chicago White Sox and the Chicago Cubs. The surprising spurts of the Chicago aggregationss during the season has revived interest in the clash to determine Chicago's best.

Manager Bill Killifer of the Cubs has kept Grover Alexander on the bench for the past two weeks and it is reported he may open the game tomorrow. Otherwise Osborne or Jones will be on the mound. Urban Faber will face the Cubs, barring the unforeseen. The Sox are admitted to have the edge on the hurlers but th Cubs apparently are relying on hard hitting to pull thm out of the pinches.

WOMEN CAN'T SET ON JURIES JUDGE SAYS

Quincy, Ill.—In an opinion to the board of supervisors here, Judge Fred Wolfe of Quincy held that women are not eligible to sit on juries. His opinion was a response to a question by members of the board, who were making up the jury list. Judge Wolfe explained that though women may vote, the law did not provide that they should sit on juries. In selecting the names, he said, the board would have to taken ten per cent of the voters including women, and from this ten per cent select only men for the jury.

Notes from the Big Ten Camps

ILLINOIS

Champaign, Ill., Oct. 3—Robinson, half back and McKelvey, tackle on the University of Illinois football team are in action again after having been injured during scrimmage. The squad was given light work yesterday even because of injuries. Rune Clark candidate for pilot, will be out two weeks. Coutchie is working at quarter. McMillen has been shifted from guard to tackle and Miller, former Urbana high school star, has been placed at guard. Green, another Urbana boy is being given a trial at center.

IOWA

Iowa City, Ia., Oct. 3—Indian summer heat which caused spectators to appear in shirt sleeves failed to stop the scheduled scrimmage this afternoon between the first and second teams of Iowa's football squad. The 'varsity looked fine against te seconds, scoring three touchdowns on passes. Captain Locke made several great gains on plunges. Parkin, first string quarter remained on the side lines.

INDIANA

Bloomington, Ind., Oct. 3—Leslie Mann, St. Louis National outfielder arrived here today and began his work as back field coach for the Indiana University football team. The freshman squad furnished scrimmage opposition for the 'varsity team which was put thru a stiff two nour workout today. The freshmen used DePauw formations and exposed several weak points in the regular line.

PURDUE

Lafayette, Ind., Oct. 3—Coach Phelan's Purdue 'varsity football squad scored five touchdowns against the freshmen in practice tonight, chiefly by means of the forward pass and sweeping end runs behind good interference. Three squads of 'varsity men were used against the yearlings but the latter seemed to almost hold their own against Phelan's third string eleven. Fleischman, a star guard injured his ankle in play and had to be carried from the field.

MINNESOTA

Minneapolis, Minn., Oct. 3—The second team decidedly outplayed the 'varsity in the first football scrimmage of the year between the two squads at the University of Minnesota today. Neither 'varsity tackle seemed able to check the rushes of the opposing line and the back field failed to make much headway. Coach Spaulding switched McCready to quarterback and put Hultkrans at halfback. Hultkrans proved the best ground gainer of the first string backfield.

MICHIGAN

Ann Arbor, Mich., Oct. 3—Taking no chances with his injured knee, Captain Goebel of the University of Michigan football team will not start in the game against Case Saturday but will be saved for the Vanderbilt and Ohio State contests it was learned today.

NORTHWESTERN

Chicago, Oct. 3—The Northwestern University regulars thru long forward passes and energetic line smashes humbled the freshmen football team today the yearlings being trained to execute the ulays of Beloit, which Northwestern faces Saturday. The University of Chicago team which plays Georgia Saturday was pitted against the Maroon freshies winning 20 to 0. The backfield appeared to particular advantage in offensive work.

OHIO.

Columbus, O., Oct. 3.—Mastering of several new plays occupied the Ohio State football team today. Two sets of backfield men alternated in practicing the new formations. The freshmen squad numbering 100 men, held its first practice today and will scrimmage against the 'varsity later in the week.

WISCONSIN.

Madison, Wis., Oct. 3.—The University of Wisconsin football squad continued to concentrate on forward passing today, the attack centering around Quarterback Barr, whose aerial drives to Ends Tebell and Irish netted long gains in scrimmage against the second squad.

"Chalk talks" aree being given nightly.

HOLLAND READY TO FEED RUSSIAN CHILDREN

MOSCOW—Holland, which cared for tousands of under-nourished German children during and since the war, volunteered recently to nurse back to normal several thousand Russian children if the Soviet government would bear the burden of transporting the youngsters to The Hague.

The Bolsheviki have agreed to the proposition. This is the first time that the Soviets have accepted help of this kind from foreign countries.

PLANS TO DEFEND AUTOMOBILE DRIVERS

Peoria, Ill.—Defense of motorists who are arrested for trifling offenses is to be undertaken by the Peoria Automobile Dealers and Accessories association, according to A. G. Thede, president. The association, he said, had no intention of defendin "speed maniacs"or others who flagrantly violated the law, but was prepared to assist those arrested for driving without tail lights or with only one light, and similar infractions.

LEE WORTHY WINS KENTUCKY FUTURITY

Showed Class of the Field Winning in Straight Heats—Other Races Also Closely Contested.

LEXINGTON, Ky., Oct. 3—Frank L. Ellis' Lee Worthy driven by Ben White won the thirtieth renewal of the Kentucky Futurity in convincing style this afternoon equalling the record for the stake and the world's record for three year old colts in the first heat. This is the same winning combination that landed the junior division of the same stake on Monday.

The bad behavior of Peter Earl causing him to be distanced in the opening heat was a great disappointment to the crowd as it had been expected that a great battle would be staged by the pair. Peter Earl was acting badly when the horse was first scored and upon finally getting the word made a break and almost ran over the outside fence near the eighth pole getting so far behind that he could never catch up with the field.

Bunter, owned by Howard M. Hanna, Jr., of Cleveland, one of the main contenders all season made Lee Worthy trot the opening mile in record equalling time. He went into a space at the start of the second heat and got away badly, but trotted fast and finished third.

The 2:06 trot was one of the best races and was won by the Western trotting gelding David C.

The main contender in each heat was the four year old Clyde The Great.

The 2:14 pace was a lively battle with three heat winners contesting for the final decision. Robert M. Won the event.

The 2:03 pace was won by Henry in straight heats.

Peter Manning will start tomorrow to beat the track record of 1:57 3-4 and Medda to beat her record of 1:59 1-4.

SARAZEN GOING TO SHOW HAGEN

PITTSBURGH, Pa., Oct. 3—Gene Sarazen declined tonight to forecast the result of his 72-hole golf match with Walter Hagen, but he did take vigorous exception to a statement that the British open champion is the best dressed American golfer.

"I'll spring something at Oakmont Friday that will knock Walter dizy," said the local youngster who holds the national open and professional titles.

"More Persian rug sweaters?" Gene was asked.

"Nope—somethin' else," he grinned.

Friends of Sarazen insist he is more partial to ear splitting sweaters than any other golfer. His caddy Totes golf stick under one arm and a box of sweaters under the other.

POLISH RAIL TRAFFIC SHOWS INCREASE

Warsaw, Poland.—By the A. P.—Railroad traffic in Poland is increasing. During the first six months of the present year it was 20 per cent greater than during the same period of last year.

The Polish government has purchased from the United States 7,500 freight cars of a capacity of 30 tons each, and it is negotiating for a loan of freight cars from other countries, until the Polish railway equipment factories are able to deliver the first lot of cars now being manufactured.

FORMER WESLEYAN PREXY TO EUROPE

Bloomington.—(By the A. P.)—Dr. Theodore Kemp, former president of Illinois Wesleyan university here, has left with Mrs. Kemp for a tour of Europe. He will study conditions resulting from the war.

THE NUT BROTHERS (CHES & WAL)

BALTIMORE MEETS ST. PAUL TODAY

Baltimore, Md., Oct. 3—The so-called "little world series" between Baltimore, four time flag winners in the International League and St. Paul, champions of the American association will get underway here tomorrow at 2:30 o'clock.

Nine games are booked the honors to go to the first team winning five.

Contests are scheduled tomorrow, Thursday, Saturday and Sunday. Unless rain should interfere the rivals will leave Sunday night for St. Paul and will play the same days of the week in the Western city. This series will be the third between the two leagues. Baltimore beat St. Paul in 1920 and last year Louisville carried away the honors for the American association by downing Baltimore.

On the eve of the series interest here does not seem to be quite as great as in the past two years.

Jack Bentley a lefthander with 13 wins in 14 starts and Tom Sheehan, a righthander with 25 victories and 12 defeats have been announced as the pitchers for the opening battle.

TULSA AND MOBILE IN DRAW BATTLE

Dallas, Texas, Oct. 3—The Tulsa Oilers and Mobile Bears staged a 12-inning game today, darkness causing a suspension of hostilities with the score four-all. As a result Tulsa retains its advantage of two games to one over Mobile in the inter-league series.

CASH GRAIN REPORT

By Associated Press.

CHICAGO, Oct. 3.—Wheat in the cash market closed 1@1⅛c higher today. Premiums on contract grades of wheat were nominally 2@3c better with Nos. 3 and 4 unchanged to 2c higher. Hard was ⅛@1c higher and yellow hard, unchanged to 1c up.

Shipping sales were 190,000 bushels including 40,000 bushels to exporters. The seaboard reported 200,000 bushels wheat taken to Europe. Corn was in good demand and prices were 1⅛@2c better.

Premiums were ⅛@1c higher. Shipping sales were 500,000 bushels including 350,000 bushels to exporters. Vessel room was chartered here for 940,000 bushels of corn mainly to Georgian Bay. New York reported 200,000 bushels of corn worked for Europe.

Oats were in good defand and prices at the close were 1@1⅛c higher. Premiums were unchanged to ⅜c beter. Shipping sales were 205,000 bushels all domestic. Cars inspected wheat, 74; corn, 252; oats, 89.

SHARP ADVANCE IN STOCK MARKET PRICES

By Associated Press.

NEW YORK, Oct. 3.—Another sharp advance in prices took pacew in today's stock market session.

While some of the impetus for the advance was due to short covering influenced by favorable developments in the Near East and prospects for easier money rates there were indications that much buying was based on the speculative belief that the reaction of the past two weeks was in the nature of a correction of an overbought condition and had gone nearly far enough. Apparently there was comparatively litle outside participation by small traders.

Standard Oil stocks were the individual features. Buying was based on speculative belief that with the soldier bonus bill dead and the possibility of stock dividends being taxed to meet payments for the same eliminated, proposed capital readjustment of some of the companies soon would be effected. Other oils were strong in sympathy. The outstanding developments in the rail list was a 7 point gain by Delaware, Lackawanna nad Western which is expected to profit heavily thru shipments of hard coal and is reported to be considering an extra distribution to stockholders. Other hard coal carrying railroads advanced but less sharply.

Further advances tok place in sugar shares in response to additional announcements of price increases.

Call money opened at 4¾ but cased off to 4½ just before the close. Time money also was inclined to ease in response to the clearing up of the first of the year month transactions. The commercial paper market was quiet.

Liberty bonds were slightly irregular with no marked chanegs.

Total bond sales (par value) were $13,631,000.
